

One Vendor. One Invoice. More Locations.

The benefits of your Olympian card are now expanded in our
NEW "FLEETWIDE EXECUTIVE CARD" PROGRAM.

- Takes the place of traditional retail branded gasoline cards you may carry in addition to our Olympian CFN cards
- Allows Sales and Management Team to carry our new "Fleetwide Executive Card" while your fleet drivers continue to carry the Olympian CFN card
- Gives you access to over 30,000 retail stations in addition to 3500 CFN sites
- Saves you valuable time and money by ensuring you one vendor, one invoice, and company-wide consolidated fuel purchases

Locations

Your Fleetwide Executive Card is welcome and accepted at most CFN locations plus retail stations in North America including **participating ARCO, Exxon/Mobil, 76 and Shell stations, and all Pilot Travel Centers and Loves Truck Stops.**

24-Hour Management

With Olympian, you have 24-hour access to your account via the Internet. Most importantly, Olympian provides you with a fueling program tailored to your fleet's requirements. As always, our Customer Service staff is ready to assist you in person.

Security

Like your CFN cards, Olympian's Fleetwide allows you to set security profiles for individual drivers, departments, or for your entire fleet. Deciding fueling limits gives you greater control over fuel consumption.

- Limit Number of Transactions Per Day
- Gallon Limits Per Day*
- Time and Day Restrictions
- Product Controls at Some Sites
- CFN Card Watch on Request for Tracking and e-mail Verification of Purchases

*Gallon limits are checked only at the beginning of transaction. Card will not stop mid-transaction.
